Provided by: Royal Coffee New York, Inc.

In 1960 a group of coffee producers came together to create COOPNARANJO, R.L. (Naranjo Coffee Growers and Multiple Services Cooperative, LLC) in order to pool their efforts for coffee processing. Since that time the Cooperative's members have purchased their own mill and have implemented comprehensive measures to improve coffee quality and production in addition to educating the members about sustainable farming practices and providing agricultural technical assistance. The Cattleya Especial RFA comes from four farms located in the Naranjo district in the West Valley region that have obtained Rainforest Alliance certification. Naranjo is divided into 29 coffee growing areas that are "blessed for coffee" enjoying near ideal growing conditions - soil, altitude, rainfall, and temperature - that combine to produce a unique coffee with delicate aroma, mild body and pleasing taste. The Cooperative has successfully improved the coffee production of its members and enhanced their communities socially, financially, and sustainably.

Proudly provided by Royal Coffee NY

Tanzanian AAA Ruvuma Estate – This cup begins with sharp citrus notes and subtle flavors of black cherry. The body is fully developed; complementing the acidity with a smooth, harmonious finish. All of these characteristics contribute to the delicate balance we expect from a great Tanzanian AAA – try some today!

Organic Mexican H/G Chiapas – Subtle lemon sweetness at the start develops into a buttery smooth cup with creamy chocolate and sweet cherry flavors. This coffee has wonderful balance, mellow acidity, smooth body, and a lasting finish. A truly enjoyable cup!
